Lussier and Hendon's **Human Resource Management** engages students in applying HR functions and concepts and developing HR management skills. Each primary content area listed in the *Society of Human Resource Management Curriculum Guidebook 2010* for undergraduate students is identified in the text where the material is covered. The authors provide six types of high-quality applications that use concepts to develop students' critical-thinking skills. Four types of skill-building exercises develop HR management skills that can be utilized right away in students' professional and personal lives.
