A Workbook for Arguments: A Complete Course in Critical Thinking David R. Morrow, Anthony Weston

A Workbook for Arguments builds on Anthony Weston's *Rulebook for Arguments* to provide a complete textbook for a course in critical thinking or informal logic. *Workbook* includes:

- The entire text of *Rulebook*, supplemented with extensive further explanations and exercises.
- Homework exercises adapted from a wide range of arguments from newspapers, philosophical texts, literature, movies, videos, and other sources.
- Practical advice to help students succeed when applying the *Rulebook's* rules to the examples in the homework exercises.
- Suggestions for further practice, outlining activities that students can do by themselves or with classmates to improve their skills.
- Detailed instructions for in-class activities and take-home assignments designed to engage students.
- An appendix on mapping arguments, giving students a solid introduction to this vital skill in constructing complex and multi-step arguments and evaluating them.
- Model answers to odd-numbered problems, including commentaries on the strengths and weaknesses of selected sample answers and further discussion of some of the substantive intellectual, philosophical, or ethical issues they raise.
