Area 51: Legend

Robert Doherty

Area 51: Legend Robert Doherty
FROM THE TEMPLE OF SOLOMON TO THE MISTS
OF AVALON—THEY WERE THERE.

NOW THEY ARE OUR ONLY HOPE.

They were born on a planet in the spiral arm of the Milky Way Galaxy. In a bloody revolution they became known as “godkillers”—two humans who led a revolt against the deathless race, the Airlia, and a plan to breed human foot soldiers for ceaseless intergalactic warfare. Now Donnchadh and Gwalcmai are on their way to a planet called Earth, where the Airlia have forged a foothold in the land of Atlantis. For a man and a woman who have lost everything but each other, an incredible journey through history is about to begin.

Spanning centuries and epochs, they will travel from the teeming streets of ancient Rome to Pharaoh’s bloodied pyramids to the realm of King Arthur. Sustained by the mysterious technology of the Airlia, Donnchadh and Gwalcmai must safeguard one extraordinary golden grail, a heavy, bloodstained sword called Excalibur—and each other’s lives. For while an unquenchable evil struggles to take hold of the planet, they are the watchers, waiting for the moment when humankind can wage its last battle for survival.

From reader reviews:

James Bardsley:

As people who live in typically the modest era should be update about what going on or information even knowledge to make them keep up with the era which is always change and move ahead. Some of you maybe can update themselves by reading books. It is a good choice for you personally but the problems coming to anyone is you don't know what type you should start with. This Area 51: Legend is our recommendation to make you keep up with the world. Why, as this book serves what you want and wish in this era.

Cindy Gross:

The knowledge that you get from Area 51: Legend will be the more deep you looking the information that hide within the words the more you get interested in reading it. It doesn't mean that this book is hard to know but Area 51: Legend giving you joy feeling of reading. The author conveys their point in specific way that can be understood simply by anyone who read the idea because the author of this reserve is well-known enough. This kind of book also makes your own personal vocabulary increase well. So it is easy to understand then can go along, both in printed or e-book style are available. We propose you for having this particular Area 51: Legend instantly.

Cora Conte:

Is it you who having spare time then spend it whole day by means of watching television programs or just telling lies on the bed? Do you need something new? This Area 51: Legend can be the respond to, oh how comes? It's a book you know. You are therefore out of date, spending your free time by reading in this brand new era is common not a geek activity. So what these books have than the others?

Arthur Fabry:

As a college student exactly feel bored to reading. If their teacher requested them to go to the library or even make summary for some publication, they are complained. Just tiny students that has reading's internal or real their interest. They just do what the instructor want, like asked to the library. They go to there but nothing reading significantly. Any students feel that reading is not important, boring and can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this Area 51: Legend can make you truly feel more interested to read.
