## Colonoscopy: Principles and Practice

*First Edition - Winner of 2004 BMA Medical Book Competition in Gastroenterology*

The second edition of this prize winning book is written by some of the world's foremost experts in the field of colonoscopy and colonic imaging. Every chapter has been updated and 5 new chapters have been added to include the latest information and advances in the field of colonoscopy:

- Capsule Colonoscopy
- Narrow Band Imaging
- Confocal Endomicroscopy
- Endoscopic Submucosal Dissection in the Colon
- New Colonoscopes and Assist Devices

Drawing on the vast experience of the authors it covers every area of medicine that impacts on colonoscopy, including virtual colonography, pathology, techniques for pediatric and adult procedures, and legal aspects concerning colonoscopy.

The book is focused on patient care, and provides explanations on how to perform the procedure effectively and make the best outcome for your patients. It serves as a detailed manual of procedures, extensively illustrated with diagrams and photographs.

The book includes a companion website with supplementary material: a lecture on the history of colonoscopy, interviews with famous gastroenterologists, demonstrations of techniques, and typical and unusual cases.

This is an invaluable compendium on all aspects of colonoscopy, suitable for use by every grade of practitioner world-wide and an essential reference book for all establishments with an endoscopy facility.

**Please note:** This product no longer comes with a DVD. The DVD content is now available online at <http://wiley.mpstechnologies.com/wiley/BOBContent/searchLPBobContent.do>.

### From reader reviews:

#### **Luis Ray:**

Do you have favorite book? When you have, what is your favorite's book? Publication is very important thing for us to understand everything in the world. Each book has different aim or perhaps goal; it means that publication has different type. Some people really feel enjoy to spend their a chance to read a book. They are really reading whatever they get because their hobby is usually reading a book. Think about the person who don't like reading through a book? Sometime, man or woman feel need book once they found difficult problem or maybe exercise. Well, probably you will need this Colonoscopy: Principles and Practice.

#### **Kimberly Gomez:**

Exactly why? Because this Colonoscopy: Principles and Practice is an unordinary book that the inside of the e-book waiting for you to snap it but latter it will zap you with the secret the item inside. Reading this book alongside it was fantastic author who else write the book in such remarkable way makes the content inside of easier to understand, entertaining technique but still convey the meaning completely. So , it is good for you for not hesitating having this anymore or you going to regret it. This amazing book will give you a lot of benefits than the other book include such as help improving your ability and your critical thinking method. So , still want to hold off having that book? If I have been you I will go to the publication store hurriedly.

#### **Arthur Warnick:**

Are you kind of stressful person, only have 10 or 15 minute in your day time to upgrading your mind proficiency or thinking skill perhaps analytical thinking? Then you are having problem with the book than can satisfy your short space of time to read it because pretty much everything time you only find e-book that need more time to be study. Colonoscopy: Principles and Practice can be your answer since it can be read by you who have those short spare time problems.

#### **Andrew Blanton:**

In this period globalization it is important to someone to find information. The information will make professionals understand the condition of the world.
