On the Norwegian sea, an icebreaker forges its way through frozen waters to a remote island in the Arctic, carrying a scientific team that hopes to unearth the bodies of long-dead miners. Washington Post reporter Frank Daly has the story of a lifetime. But his plan to join the scientists on their historic mission is ruined by a ferocious storm. When he meets up with the ship upon its return to port in Norway, it is clear that something has gone terribly wrong.

Fear haunts the faces of the crew. No one will talk. And someone wants Daly to stop asking questions. But the more he uncovers, the more dangerous the stakes become. Until at last he comes face-to-face with a shocking secret, a secret that pitches him into a harrowing race to prevent nothing less than . . . apocalypse.
