The Mystery of Edwin Drood

Charles Dickens

The Mystery of Edwin Drood Charles Dickens

Charles John Huffam Dickens, FRSA (7 February 1812 – 9 June 1870), pen-name Boz, was the most popular English novelist of the Victorian era, as well as a vigorous social campaigner. Critics George Gissing and G. K. Chesterton championed Dickens's mastery of prose, his endless invention of unique, clever personalities, and his powerful social sensibilities, but fellow writers such as George Henry Lewes, Henry James, and Virginia Woolf faulted his work for sentimentality, implausible occurrences, and grotesque characterizations. The popularity of Dickens's novels and short stories has meant that they have never gone out of print. Many of Dickens's novels first appeared in periodicals and magazines in serialized form—a popular format for fiction at the time—and, unlike many other authors who completed entire novels before serial production commenced, Dickens often composed his works in parts, in the order in which they were meant to appear. Such a practice lent his stories a particular rhythm, punctuated by one minor cliffhanger after another, to keep the public looking forward to the next installment. - Wikipedia
