"Fantastic! In *Farworld*, everyone can perform magic — everyone but Kyja, that is. The mysterious reason *why* is as fantastic and inventive as the terrific adventure that follows. I loved it!" — Dean Lorey, author of *Nightmare Academy*

Other people may see thirteen-year-old Marcus Kanenas as an outcast and a nobody, but he sees himself as a survivor and a dreamer. In fact, his favorite dream is of a world far away, a world where magic is as common as air, where animals tell jokes and trees beg people to pick their fruit. He even has a name for this place — Farworld.

When Marcus magically travels to Farworld, he meets Kyja, a girl without magic in a world where spells, charms, and potions are everywhere, and Master Therapass, a master wizard who has kept a secret hidden for thirteen years, a secret that could change the fate of two worlds.

But the Dark Circle has learned of Master Therapass's secret and their evil influence and power are growing. Farworld's only hope is for Marcus and Kyja to find the mythical Elementals —water, land, air and fire —and convince them to open a drift between the worlds.

As Kyja and Marcus travel to Water Keep, they must face the worst the evil Dark Circle can throw at them —Summoners, who can command the living and the dead; Unmakers, invisible creatures that can destroy both body and soul; and dark mages known as Thrathkin S'Bae.

Along the way, Marcus and Kyja will discover the truth about their own heritage, the strength of their friendship, and the depths of their unique powers.
