Designing and Teaching Learning Goals and Objectives: Classroom Strategies That Work Robert J. Marzano

Design and teach effective learning goals and objectives by following strategies based on the strongest research and theories available. This first book in the Classroom Strategies That Work library includes a summary of key research behind these classroom practices and shows how to implement them using step-by-step hands-on strategies. Dr. Robert J. Marzano translates theory into action, details the impact of well-designed and well-taught goals and objectives, and offers recommendations for classroom practice. Short quizzes help readers assess their understanding of the instructional best practices explained in each section. Use this book as a personal resource or as a group study tool.
