Essential Psychology: A Concise Introduction

Essential Psychology: A Concise Introduction

Essential Psychology: A Core Textbook offers both the specialist and non-specialist Psychology student the perfect companion at an affordable price. It represents a fresh alternative to the range of expensive, American-oriented titles on the market that are full of topics you need but also many you *don't need* on your course. Written by a UK team of authors, it spans 18 accessibly-sized chapters but concentrates on the six fundamental topic areas that are taught at introductory level in the UK – *Conceptual and Historical Issues in Psychology, Cognitive Psychology, Biological Psychology Social Psychology, Developmental Psychology & The Psychology of Individual Differences* – batching them into sections of 3 chapters each. The textbook is:

- stylish and presented in full color
- has an abundance of learning features to make your studies enjoyable and fruitful
- includes a companion website (www.sagepub.co.uk/banyard) with a host of lecturer and student-focused material to assist both teaching and learning
