## **Securities Operations: A Guide to Operations and Information Systems in the Securities Industry**

Michael T. Reddy

As the industry-altering shift from Trade Date +5 to Trade Date +3 grows ever closer, securities operations executives and managers are looking for facts, figures and updates on new technology that will enable them to meet the new 3-day settlement periods. This text ties together much-needed information on the "back office" (operations) and the "data processing" (information systems) functions of international securities industries.
