Get a full retrospective of all 134 flights, every mission, of the space shuttle program.

This superbly designed and lavishly illustrated reissue of the best-selling hardcover book marks a special moment in history: the final mission of the space shuttle. Noted space and science author Piers Bizony's retrospective covers the entire space shuttle program that began in 1981 and ended in 2011.

Every space shuttle mission is detailed, including all flights of the Columbia, Challenger, Discovery, Atlantis, and Endeavour spacecraft. The book also covers the development and design of the orbiter, as well as the technical specifications of the vehicle and details of its major assemblies and subassemblies. A full double-gatefold provides a large-scale technical drawing of the space shuttle.

If you never got to watch the countdown clock in person during a space shuttle launch, *The Space Shuttle* is your chance to relive the history of America's first low Earth orbital spacecraft.
