Play-a-Sound: The World of Cars, Let s Race! (Sound Book) Editors of Publications International, Ltd. Preschoolers thrill to the excitement of Race Day when Lightning McQueen lines up against his rival Chick Hicks in Play-a-Sound: The World of Cars, Let s Race!, an interactive storybook adventure. Children buckle into the driver s seat, and the race for the Piston Cup is on.

Preschoolers can drive this story: Illustrated icons in the text match big, bright buttons on the dashboard panel on the front of the book. As readers and pre-readers follow the story, they can find the matching buttons, honk the horn, and crank the steering wheel left and right to make the speedway sounds come alive.

Children press the buttons on the dashboard and turn the steering wheel to hear a variety of race sounds:

Engines revving

Tires squealing

Gears shifting

Cars zooming down the track

Crowds roaring

Tires popping

Horns honking

Ignition turning over

The countdown to the start of the race

Four Cars-themed radio stations

Can Lightning beat Chick after popping a tire? Luckily, Luigi and Guido know how to hustle, and they get Lightning and your child back in the race faster than you can say, Start your engines. Children love the thrill of the ride in Play-a-Sound: The World of Cars, Let s Race!

Additional features of the book include:

A front cover that features a brightly colored, three-dimensional dashboard and steering wheel

Extra-thick, coated pages that prevent rips and tears

Three replaceable long-life AG-13 button cell batteries that power the book
