Theirs is an unusual love story...

By day, Matthew Lambert is a successful executive at a busy import-export business. But when he returns home to his wife, he enjoys becoming his true self, kneeling naked at her beautiful feet. They've been married for three years, and every day he falls deeper into his devotion to her.

His one regret is that he can't let go of the hang-ups that keep him from serving her more fully. No matter how she reassures him, and urges him not to push past his limits, he longs for the ability to fully submit. Finally, he approaches her with an idea that will help strip away his last inhibitions, and belong to her completely, body, mind and soul.

She really should have known better...

Dr. Monica Lambert is lucky to have such a devoted submissive for a husband. When he begs her to try erotic hypnosis to help him bend more fully to his will, she knows that he'll be the perfect subject for the technique. She also knows the dangers involved. But how can she resist such a sweet request for her to take total control?

As the couple travels further and further down this unusual path, the line between illusion and reality becomes dangerously blurred. Will their love survive the inevitable moment when their fantasy world comes crashing down?

****This 22,000 word novella is for adults only and features a loving risk-aware couple who enjoys indulging in a variety of very intense sexual experiences. It's a stand-alone story and has a HEA, with some bumps along the way.****
