Learn the latest principles and certification objectives in **The PMBOK Guide, Fourth Edition**, in a unique and inspiring way with *Head First PMP*. The second edition of this book helps you prepare for the PMP certification exam using a visually rich format designed for the way your brain works. You'll find a full-length sample exam included inside the book.

More than just proof of passing a test, a PMP certification means that you have the knowledge to solve most common project problems. But studying for a difficult four-hour exam on project management isn't easy, even for experienced project managers. Drawing on the latest research in neurobiology, cognitive science, and learning theory, *Head First PMP* offers you a multi-sensory experience that helps the material stick, not a text-heavy approach that puts you to sleep.

This book will help you:

- Learn PMP's underlying concepts to help you understand the PMBOK principles and pass the certification exam with flying colors
- Get 100% coverage of the latest principles and certification objectives in **The PMBOK Guide, Fourth Edition**, including two new processes: Collect Requirements and Identify Stakeholders
- Make use of a thorough and effective preparation guide with hundreds of practice questions and exam strategies
- Explore the material through puzzles, games, problems, and exercises that make learning easy and entertaining

*Head First PMP* puts project management principles into context to help you understand, remember, and apply them -- not just on the exam, but also on the job.
