*John Kayser*

## **Psychological Evaluations & Case Plans: A Handbook for Referring Professionals** John Kayser

This book provides essential information to help readers become knowledgeable, informed consumers of psychological assessments. It seeks to make psychological assessment and test data more accessible to referring professionals. By better understanding the strengths and limitations of various assessment tools, non-psychologists will be empowered to design more effective treatment plans. The book provides an elementary primer on the major principles, methods, ethical values, and practitioner competencies involved in psychological assessments and testing. It further delineates key competencies needed by helping professionals to make referrals, prepare clients, evaluate the quality of reports, and apply assessment and testing data to case plans. It includes detailed guidelines and numerous illustrations about how to integrate psychological assessment information into case plans.
