Book marketing for authors can be a minefield of trial and error. We've all been there, right? Our book launches into the world, only to get lost in a sea of other titles. *So, what's missing?* If you want to sell ebooks on Amazon, understanding the complex inner workings of the world's largest bookstore is an essential part of any ebook marketing plan - but it doesn't have to be as complicated as you think.

This book has been designed to give you simple ebook marketing strategies that tie in to Amazon's algorithms and give you the best chance of success. The first section will show you how to target popular categories and keywords within the Kindle ecosystem and give your titles a massive head start. The second section will show you how to build an author mailing list filled with hungry readers – ready to buy your books at the click of a button.

The strategies and book marketing resources explained in this book helped me boost sales from \$2,000 per month to \$10,000 per month – all from just a handful of simple tweaks. I also grew my mailing list by over 1,000 new readers each and every month, meaning my new releases hit the ground running from day 1 – and I'm going to show you how you can do the same, regardless of whether you write fiction or non-fiction, and in any genre.

All the ebook marketing tips inside this book are free for you to implement – they will only cost you a few hours of your time. In addition, you can get hold of some awesome pieces of bonus content when you pick up a copy of the Kindle edition:

## **Bonus Content**

- *PDF edition*: the book contains a ton of detailed screenshots, so if you're reading on an e-ink device, you can grab hold of a copy of the high-resolution PDF version if you prefer.

- *Photoshop template*: create a professional and effective landing page for your email signup forms and websites and start building your email list for free.

- *Sales analyses*: a detailed case study is included, showing how one author boosted sales by a factor of 20 in his first month trying these approaches. You can also find breakdowns of my own sales and results after two weeks of implementing these strategies, and follow-ups a month later.

**Do you want to give your books the best chance of success? The best time to get started is yesterday – the second-best time is right now!**

## Testimonials:

“There are only a few writers I count on to boost my “self-publishing IQ”—Dave Gaughran, Kristine Kathryn Rusch, Joe Konrath. I just added Nick Stephenson’s name to that list. Using crystal-clear directions and real-world case studies, Nick shows how any writer can increase their sales dramatically with dirt-cheap (often free) techniques. All you need to do the same is the desire and a copy of Supercharge your Kindle Sales.”

### **Matthew Iden, Author of The Marty Singer Mysteries**

“I found this book easy to follow, with a conversational flow to it - which I find WONDERFUL in a "how to", and most importantly, what Nick suggests is completely ethical and above board.”

### **Christina Paul, Author of The Bradford Series of Historical Romances**

“Supercharge Your Kindle Sales will set even the most averse author’s marketing goals on fire. The “It’s-done-like that” examples in his book changed my life; the write-publish-and-sell nirvana that had eluded me.”

### **Inge H. Borg, Author of The Legends of the Winged Scarab Series**

"Supercharge Your Kindle Sales is a must have for any author. Nick goes beyond the obvious, providing advice and recommendations that you won't find in most other books on the subject. I've put some of the information into action and have already seen improvements."

### **Dean F. Wilson, author of the Children of Telm Epic Fantasy Series**
