Asphalt Pavements: A Practical Guide to Design, Production and Maintenance for Engineers and Architects, Second Edition Patrick Lavin

Giving you the know-how to design, produce and maintain asphalt pavements and parking lots. This new edition incorporates the latest technology and continues to focus on the complete process of design, production and maintenance of low-volume roads and parking areas. New coverage includes warm mix asphalt and pavement management, CEN specifications, car park layout criteria, and bitumen physical constants. An essential, practical guide for engineers and architects, the book covers everything required to completely design, construct and specify an asphalt pavement.
