## **50 Conversation Starters For Couples** K.M. Hodes

Too often we engage in mindless chatter with those that we interact with at work, on the subway, or while in line at the grocery store. Often times this same approach to communication is transferred over to our home life as well. The questions in this book are designed to help you and your partner to truly engage with each other on more than just a superficial level.

One of the unique qualities of this book is its ability to be returned to over and over again. The more you can engage with it over time the more you can expand, interact, adjust and create new areas to explore within your relationship.
