William Shakespeare

King Lear (New Folger Library Shakespeare) William Shakespeare

In *King Lear*, one of Shakespeare's greatest and most enduring plays, an aging father's demand that his daughters publicly declare their love for him triggers a reaction that involves nations and brings suffering and death to his entire family. The play takes ordinary jealousies, demands for love, sibling rivalries, desires for money and power, and petty cruelties to the extreme. In this play, we see ourselves and our small vices magnified to gigantic proportions; also, through the character of Lear, we see the end of our lives, with old age portrayed in all its vulnerability, helplessness, pride, and finally, perhaps, wisdom. THE NEW FOLGER LIBRARY SHAKESPEARE Designed to make Shakespeare's great plays available to all readers, the New Folger Library edition of Shakespeare's plays provides accurate texts in modern spelling and punctuation, as well as scene-by-scene action summaries, full explanatory notes, many pictures clarifying Shakespeare's language, and notes recording all significant departures from the early printed versions. Each play is prefaced by a brief introduction, by a guide to reading Shakespeare's language, and by accounts of his life and theater. Each play is followed by an annotated list of further readings and by a Modern Perspective written by an expert on that particular play.
