Garth Brooks is certified by the RIAA as the #1 selling solo artist in US history. Since his debut in 1990, he has sold over 128 million albums. But success rarely comes without controversy, and Garth has had more than a share. Is he a media and market manipulator, a country music poseur, and a megalomaniac, or is he simply a brilliant businessman and marketing strategist? Industry insider Patsi Bale Cox, who generated all label material on Brooks throughout his career, examines the meteoric rise of the country star. Examining his career within the context of country music history, she takes readers behind closed doors at the labels, and delves into the inner sanctum of the Nashville music community. THE GARTH FACTOR will paint a portrait of how Brooks's friendship with Trisha Yearwood developed into love and marriage, explore the truth behind his "alter-ego" Chris Gaines, and update readers on what he has been up to since retirement.
