The Art of Servant Leadership: Designing Your Organization for the Sake of Others Tony Baron

There is a crisis in Leadership. *Harvard Business Review* recently stated that business executives are least likely to contribute to society. Self-serving leadership has eroded our confidence with wide-spread scandals, significant layoffs, and insane executive bonuses. Loyalty seems to be a one-way street! What is the solution?

The Art of Servant Leadership provides a prophetic voice in overcoming the craziness within business and a guidebook on how any public or private company can achieve its true purpose in this world. Interwoven with the principles of servant leadership is a story of how one CEO transformed his international communications company to exist for the sake of others.
