Making Steel: Sparrows Point and the Rise and Ruin of American Industrial Might Mark Reutter

Making Steel chronicles the rise and fall of American steel by focusing on the fateful decisions made at the world's once largest steel mill at Sparrows Point, Maryland. Mark Reutter examines the business, production, and daily lives of workers as corporate leaders became more interested in their own security and enrichment than in employees, community, or innovative technology. This edition marks the return of a classic and features 26 pages of photos, a new preface, and afterword.
