## Women in Philosophical Counseling: The Anima of Thought in Action

With contributions from eighteen professional women counselors from twelve different countries, this book is the first to provide an overview of new-born philosophical practices from an entirely female perspective. It gives voice to women's thoughts and brings to the reader a living portrait of philosophy as a service to people and a training for those in search of a fully lived existence. As the authors draw on first-hand experience, their philosophical analyses intertwine with changes in attitudes and real-life stories, unearthing that forgotten soul of philosophical thought which our ancestors referred to as the *Anima*. The book provides a lively, sprightly and vivacious picture of how philosophy is used in practice, a long way from the rigidity and stereotypical severity of its traditional image. It will not fail to inspire readers to live their thoughts and think their lives.
