"An outstanding book. . . Meets the needs of those in-between or curious kids who are not ready, developmentally or emotionally, for IT'S PERFECTLY NORMAL." — BOOKLIST (starred review)

How does a baby begin? What makes a baby male or female? How is a baby born? Children have plenty of questions about reproduction and babies — and about sex and sexuality, too. IT'S SO AMAZING! provides the answers — with fun, accurate, comic-book-style artwork and a clear, lively text that reflects elementary-school children's interest in how things work, while giving them a healthy understanding of their bodies. Created by the author and illustrator of IT'S PERFECTLY NORMAL, this forthright and funny book — newly updated for its fifth anniversary — covers similar territory but with an eye toward younger children's concerns.
