Saving Capitalism from the Capitalists: Unleashing the Power of Financial Markets to Create Wealth and Spread Opportunity Raghuram G. Rajan, Luigi Zingales

Saving Capitalism from the Capitalists is a groundbreaking book that will radically change our understanding of the capitalist system, particularly the role of financial markets. They are the catalyst for inspiring human ingenuity and spreading prosperity. The perception of many, especially in the wake of never-ending corporate scandals, is that financial markets are parasitic institutions that feed off the blood, sweat, and tears of the rest of us. The reality is far different.

This book breaks free of traditional ideological arguments of the Right and Left and points to a new way of understanding and spreading the extraordinary wealth-generating capabilities of capitalism.
